Draft Retirement Webpage is below. The items in italics refer to materials that I already have – hopefully we will be able to add further things in the future.

Running the Race Network

The aim of this network is to make the most of our retirement years. Retirement is a wonderful opportunity - God wants to use it! It is a stage of life when we have many calls on our time and often lots of choices but it can also be a fruitful time as we continue growing more like Jesus and serve God.

The Network has only recently been formed and we are very open to new ideas. At the moment we meet twice a year and are slowly building up some resources that you can access from this page. If you want to be kept up to date with developments and future meetings then there is a group email (Using bcc so that your address is kept anonymous) - please send an email to slee81346@gmail.com if you would like to join. Please use the same email if you want to make any suggestions or ask any questions.

Please click on the headings of the areas you are interested in.

Recommended Video Resources *(Witness in the Workplace session 1 – which Gillian and I discussed. In the future we might video parts of our meetings)*

Handouts from previous sessions *(My version of the Beatitudes)*

List of local voluntary groups serving in the community – these are all groups that have at least one member of the Running the Race Network involved in. *(from last session)*

List of volunteer opportunities in the church *(from last session)*

Recommended reading for retirement *(At the moment David Winter's book and the courses Sue and I looked at. There are a couple of useful websites I may add. When I have time, I hope to re-read these courses and try to get permission to put selected pages on the recommended reading page.)*

Resources for encouraging bible reading, prayers, worship, witness. *(Bible reading tips from last session)*

Helpful quotes and prayers (I have some of these already on file)
