

# Update Malcolm & Kerstin Gray – March 2026

## Praise points

1. During February we attended three WEC UK & Ireland ministry conferences. These were very encouraging times of fellowship, reflection and vision, and we were grateful for the opportunity to connect with colleagues and partners who share the same passion for God's mission.
2. Kerstin continues to make good progress in her Spiritual Direction training course, which is due to be completed in June. It has already been a rich and formative experience, helping deepen both listening skills and attentiveness to God's work in people's lives.
3. Praise God for a new leadership team trainee who has recently joined our team. She has started with great enthusiasm and a real desire to learn and serve, which has been a real encouragement to us.

## Prayer requests

1. Malcolm is currently leading a significant organisational design project within WEC UK & Ireland. It is a substantial piece of work and requires clear leadership, so prayer for wisdom, clarity of thinking and good decision-making would be greatly appreciated.
2. Please pray for wisdom as we are involved with crisis management relating to WEC members based in the Middle East. We are also seeking to communicate well with their sending churches and families in the UK, offering support through these chaotic circumstances.
3. Our schedule continues to be quite full, so please pray that we would find good rhythms of rest in the midst of our responsibilities, and that we would steward our energy wisely.
4. Pray especially for Kerstin's health and energy levels as she continues to manage her workload while also needing space for recovery. We are thankful for progress but would value prayer for sustained strength and balance.
